Nguyen Ho Thanh Phong

Binh Tan, HCMC | nguyenhothanhphong5@gmail.com | 0931429277 | github.com/phongdz76

Overview

Software Engineering graduate with hands-on experience in production-grade full-stack development, specializing in React, Next.js, Node.js/Express, and MongoDB. Proven ability to design scalable RESTful APIs, high-concurrency reservation engines, multi-gateway payment integrations (Stripe, VNPay, ZaloPay, MoMo), and cross-platform clients (Web and Zalo Mini App). Passionate about writing clean, resilient code, robust test suites, and delivering high-performance end-to-end solutions.

Experience

Innorix HCM City, Vietnam
Front-End Developer *May 2025 – Jul 2026*

- Redesigned and upgraded the user interface for the Exacoola landing page and company homepage based on Figma design specifications, translating high-fidelity mockups into responsive, pixel-accurate components using React-Vite
- Collaborated closely with the design team to ensure visual consistency and optimized loading performance across devices
- Coordinated with the QA/testing team via Notion to track feedback, fix UI issues, and ensure the interface matched the design accurately

Target Media HCM City, Vietnam
Data Admin and Developer *Dec 2025 – Apr 2026*

- Provided PG support via hotline and monitored data for cheating detection
- Structured and adjusted project data according to core business principles
- Prepared and set up project schedules to meet campaign requirements
- Developed a high-performance Landing Page using React-Vite
- Researched and integrated Booking APIs to automate scheduling

Projects

Tour Booking Platform | *React, Express 5, MongoDB, Zalo Mini App, ZaloPay* Oct 2026

- Developed a dual-channel booking system with a responsive Web SPA and Zalo Mini App (ZMP SDK), paired with a role-based staff admin portal
- Built an Express 5 and Mongoose 9 REST API with Optimistic Concurrency Control and SHA-256 idempotency to eliminate duplicate bookings
- Integrated ZaloPay (HMAC-SHA256 callbacks, refund query) and Leaflet GIS interactive maps for destination routes and departure scheduling
- Links: Live Demo | GitHub

Task Manager | *React, Vite, Node.js, Express, MongoDB, Socket.IO* Mar 2026

- Built a full-stack task management platform using a decoupled monorepo architecture with React/Vite and Node.js/Express REST API
- Implemented Google OAuth 2.0, JWT auth, checklist-driven progress sync, and real-time event notifications via Socket.IO
- Created an analytics dashboard with Recharts visualizations and automated report generation exporting metrics to Excel via ExcelJS
- Links: Live Demo | GitHub

SGTech E-Commerce | *Next.js 16, React 19, Prisma, MongoDB, Stripe, VNPay* Sep 2025

- Architected a full-stack store with Next.js 16 App Router, TypeScript, Prisma ORM, NextAuth session security, and Vietnamese full-text search
- Engineered an atomic inventory reservation engine preventing overselling during concurrent checkouts, with signed time-limited delivery quotes
- Integrated multi-payment gateways (Stripe, VNPay, MoMo, ZaloPay, COD) with cryptographic webhooks, refund queues, and post-purchase RMA returns
- Links: Live Demo | GitHub

Technical Skills

Programming Languages: JavaScript (ES6+), TypeScript, Dart, HTML5/CSS3
Backend Development: Node.js, Express.js 5, Next.js API, Prisma ORM, Mongoose, RESTful APIs, NextAuth, JWT, Socket.IO
Frontend & Mobile: React.js, Next.js (App Router), TypeScript, Tailwind CSS, Zalo Mini App (ZMP SDK), Leaflet GIS, Flutter
Databases & Architecture: MongoDB, MSSQL, Optimistic Concurrency Control, Idempotent APIs, Database Transactions
Payments & Cloud Services: Stripe, VNPay, ZaloPay, MoMo, Cloudinary, Nodemailer, Vercel
Testing & Developer Tools: Node Test Runner, Integration/E2E Testing, Postman, Git, GitHub, VS Code, Figma

Education

Ho Chi Minh City University of Foreign Languages and Information Technology HCM City, Vietnam
Bachelor of Software Engineering (GPA: 3.2 / 4.0) *2022 – Apr 2026*

Certifications

IELTS Certification – Overall Score: 4.5 / 9.0 Dec 2025
Focus: Reading Technical Documentation
